MEMORANDUM FOR GENERAL ALLEN

1. I have discussed the proposed IC organizational name changes with Mr. Brownman and his reaction was as follows:

He thought that the proposal with the name changes was consistent with the other organizations here in the Agency and he thought it was fine and we should sent it forward. He could not comment on whether we should have four or five directors of offices or that the titles should be Resources or Production or whatever. He also felt that this proposal was consistent with Mr. Colby's thinking with regard to the organizational structure throughout the Agency.

2. I recommend that you sign the attached and perhaps you would want to change the date from 24 May to a current one.
